**PRODEVIX DATA SOLUTIONS**

AI Data Ingestor

Business Problem

- Is the manual transcription of PDFs too costly and time-consuming?
- Does classifying products into categories require a team of technical data experts and analysts to complete accurately?
- Does integration of external solutions into existing IT systems take too much time requiring already overburdened IT department to engage?

Solution

Upload a PDF, flat file or scrape websites then product data is cleansed and classified before exported to a file or integrated with downstream system.

Features

- Utilize our taxonomy or yours when integrated with Product MDM / PIM
- Customize data output for export
- Easy-to-use with minimal training

Benefits

- Eliminate manual transcription of data files
- *Precursor effort* for your future MDM / PIM launch
- Opens opportunities for Prodevix Supplier Portal to accelerate partnerships
